Sponsorship Prospectus + Contract Agreement

PyCon CZ 23 aims to restart the community

During the pandemic, most of the activities in the Czech Python community came to a halt. PyCon CZ was cancelled several times and there were only online meetups.

Our aim is to make PyCon CZ 23 the event that helps to reignite all Python activities in the Czech Republic, working together towards a common goal while also attracting new members to our community.

What is PyCon CZ?

PyCon CZ is the Czech Republic edition of well-known and valued PyCon conference devoted to the Free and Open Source Python programming language.

It is organised for the sixth time by a team of passionate volunteers: members of Czech Python community, with cooperation and underwriting by [Pyvec.org](https://pyvec.org), a local non-profit organisation that focuses on supporting the Python community in the Czech Republic.

To get a better idea of what PyCon CZ is about, check out our [short promotional video](#) or watch keynotes from recent years:

[Van Lindberg](#), [Karen M. Sandler](#), [Naomi Ceder](#), [Sam Trojan](#), [Flavio Percoco and Nick Lang](#) or [Lilly Ryan](#).

The objective of the PyCon conference is to raise participants' qualifications, the overall integration of the Python programmers' community in the Czech Republic and surrounding area, popularisation of new applications of the language, as well as to spread good programming practices and to exchange experience between professionals, novices, students and hobbyist Python programmers.

Value for your company

Sponsoring PyCon CZ is a great way to

- **Support Python** and the open source ecosystem your company relies on.
- **Recruit developers, data analysts and testers:** talk to attendees looking for their next job.
- **Show your current employees you care** about their favourite language and even make the event into an informal team-building experience for them.
- **Promote your product:** attendees are curious people looking for new tools and ideas.
- **Find collaborators and partners** for future development.

What your sponsorship pays for

PyCon CZ wouldn't be possible without sponsors helping us cover the costs of renting the venue, catering, video recording services, financial aid for travel and accommodation for speakers and attendees on lower budgets, and anything else that our volunteers can't do.

Half of the budget is covered by selling tickets and half by sponsorships. We have a low no-shows number. We believe that by partnering with PyCon CZ you will help greatly to make it happen and you will receive many benefits in return.

NEITHER PARTY WILL BE LIABLE TO THE OTHER OR ANY THIRD PARTY FOR ANY SPECIAL, CONSEQUENTIAL, EXEMPLARY OR INCIDENTAL DAMAGES, ARISING FROM ANY CLAIM RELATING TO THIS AGREEMENT OR THE SUBJECT MATTER HEREOF, WHETHER SUCH CLAIM IS BASED ON CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, EVEN IF AN AUTHORISED REPRESENTATIVE OF SUCH PARTY IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. 11. GENERAL PROVISIONS. This Agreement constitutes the entire Agreement between the parties related to this subject matter, and any change to its terms must be in writing and signed by the parties. This Agreement supersedes any prior agreements or understandings between the parties. The failure of either party to enforce any right or provision in this Agreement will not constitute a waiver of such right or provision. If any provision of this Agreement is held to be invalid or unenforceable, the other provisions of this Agreement will remain enforceable and the invalid or unenforceable provision will be deemed modified so that it is valid and enforceable to the maximum extent permitted by law. The relationship between the parties is that of independent contractors, and neither party is an agent or partner of the other.
